

Hope there will come a time
When the musically inclined
Can hold our heads up high
and rise again

Said we wouldn't sell our souls
but then we started getting old
and in order for us to survive
we had to...

Sell out sell out sell out
to make it
Sell out sell out sell out
They'd break us
Fit into this mold until we lost ourselves
To this...

Sold out sold out sold out
World we live in
No more to give
It's all been written
I'm watching us fade away

Keep letting them define
Until we finally draw the line
How much does it mean to you
When you give in

Become a..

Sellout sellout sellout
You'll make it
Sell out sell out sell out
Just fake it
Fit into this mold until you lose yourself
To this...

Sold out sold out sold out
World we live in
No more to give
It's all been written
That's why we'll fade away
