

INTRO

Your running in circles
Keep spiraling in circles

VERSE 1 - 0:11

Trying to hide your intentions
Where's your intervention
Shade over your eyes
It is such a false disguise

PRECHORUS - 0:21

Promises that amount to nothing
Like clockwork, you're still avoiding me
Suffering from some kind of OCD
Cause you're stuck in motion

PRECHORUS REPEAT - 0:32

Abstractions playing out in a script
Writing your destructive narrative
Fool yourself to believe this is it
That's a delusive notion

CHORUS - 0:42

Circles to justify your actions
Circles to funnel your reactions
But they can't dissipate our attraction
You're still running, still always running, running, oh

VERSE 1:02

Your running in circles
